English

The children will continue using the Talk for Writing Approach. We will be looking first at a warning tale called 'The Canal'. Later in the term, we will be writing information texts after looking at a text called 'Teachers'.

In Reading, we will continue using the Talk for Reading approach where we will develop our fluency and comprehension skills through a range of texts related to our wider curriculum work.

Science

The children will learn to classify plants and animals and during their investigative sessions, they will use their drawing skills. As part of our topic on animals including humans, the classes will study how the human digestive system works.

Mathematics

We will be spending the first month of term developing and extending our place value skills - crucial skills which will support everything else we will do in Maths. We will also look at addition, subtraction, multiplication and division skills. Regular practise of number bonds and times tables facts will support your child greatly.

Computing

We are starting the term looking at the Internet and how it works. We will look at search engines and designs of web pages. After half term we will then be enhancing our programming skills using Scratch online.

Year 3 and 4 Autumn Term 2025-2026

P.E

This term the children will be developing their ball skills during outdoor PE lessons. We will also be doing gymnastics, focusing on balances and creating sequences.

French

The children will continue to develop their French, practicing introducing themselves and naming colours. They will also learn the names for different animals.

Religion and Worldviews

We will be looking at how festivals and worship show what matters to Muslims. The following term, we will look at what Hindus believe God is like.

Music

The children will develop their abilities to recognise rhythmic patterns and pitch. The children will focus on the composer Prokofiev and how his music complements the story, Peter and the Wolf.

Art/D&T

In Art, the children will be focusing on mosaics and pattern linked to their history work on the Romans. We will be studying Isaiah Zagar. For our DT we will be designing and creating Roman shields.

Humanities

The children will be exploring The Romans, looking at their impact on our lives today, what life was like in Roman times and the main invasions of Britain. We will study famous figures including Julius Caesar and Boudicca.

Life Skills

The children will continue to focus on the Five Ways of Wellbeing. They will develop their ability to talk about both positive and negative emotions and how these emotions can affect those around us.

Homework

- ❖ Hear your child read at least four times a week and fill in reading diary
- ❖ Complete Doodle Maths homework weekly (set on Wednesdays)
- ❖ Practise spelling of key words (set on Mondays via dojo)

Optional homework activities

We will put some suggestions of optional homework on our curriculum newsletters every term.

Any additional work completed at home can be shown to the class teacher, and will then be presented to Mr. Lockley or another member of the Senior Leadership Team, who will celebrate it.

Communication

- ❖ If you need to contact your class teacher, please message on Dojo.
- ❖ Any absence notices need to be directed to the office.
- ❖ If you have an urgent message during the day, please contact the office.

PE Kit (all labelled)

- trainers/daps
- socks (especially if girls wear tights)
- shorts (blue, black)
- t shirt (the school PE one or a blue or green one if not)
- joggers or leggings (blue, black or grey)
- jumper or hoodie (blue, black or grey)
- tape for earrings (provide your own)

Any questions?

Thank you for coming to
meet us today!
